CONTINUE IMPROVING.

Conditions at Galveston Gradually Becoming Normal.

MUCH WORK DONE.

Martial Law Goes Out of Existence and City Officials Again Take Control—Health of the City Is Said to Be Excellent.

Galveston, Sept. 21.—The conditions at Galveston continue to rapidly improve. Everyone is so busy that there is little time to mourn over their losses. This is fortunate for the sufferers, for instead of spending their time in grieving they forget their troubles and lend a helping hand toward the settlement of existing conditions.

The number of patients in the various hospitals is much smaller than expected considering the number of dead. This is due to the fact that few who were entirely helpless succeeded in escaping alive. There are several hundred persons who were more or less bruised, but their wounds are rapidly healing.

The general health of the city, according to Dr. Wilkinson, is better than under normal conditions.

The number of people leaving the city is decreasing and there is no longer any necessity for sick and injured to go elsewhere for medical attention.

Bishop Gallagher has prepared a list of losses of the Catholic church during the storm. The loss of property was \$326,000; more than 1000 communicants, 10 sisters of charity and 80 orphans lost their lives.

Commander Selfridge, lighthouse inspector, gives official notice that all buoys at the entrance of Galveston harbor are in position. The lost buoys have been replaced by temporary buoys.

By a proclamation promulgated by Mayor Jones, the civil authorities will resume control of the city at noon today. Martial law, which has been in force for nine days, will be repealed by this proclamation. This action has been taken upon suggestion of Adjutant General Scurry, commanding the military forces. General Scurry will remain here with his troops subject to direction of the municipal government and will cooperate and assist the city and county peace officers in patrol and guard duty. Saloons will still be kept closed.

DEAD IN SMALL TOWNS.

A Total of 254 Is the Result as Far as Ascertained.

Houston, Sept. 21.—The Post prints a list of dead at other places than Galveston, which totals 254. The list gives the following figures:

Arcadia, 1; Alvin, 13; Alta Loma, 2; Arcola, 9; Angleton, 6; Near Barzoria, (convicts) 15; Brookshire, 2; Columbia, 13; Dickinson, 9; Fairbanks, 4; Hitchcock 37; League City, 1; Lamarque, 32; Letitia 1; Liverpool, 1; Morgan Point, 2; Patton, 32; Richmond, 18; Rosenberg, 10; Sandy Point, 8; Seabrook, 16; Virginia Point, 13 (with 14 missing); Velasco, 7.

Not included in the above are two at Houston and two near Port Lavaca.

TRAINS RUNNING.

Bridge Completed and Trains Going into the Stricken City.

Galveston, Sept. 21.—The first train arrived at 6:15 o'clock this morning. Trains are coming and going now slowly but steadily. More people are arriving than departing. The freight situation will now adjust itself. Martial law ended at noon today. There is a big demand for laborers along the wharf front, also great demand for street cleaning labor.

RELIEF AT HOUSTON.

Citizens Are Taking Care of Refugees in an Admirable Manner.

Houston, Sept. 21.—The work of relief in this city for the refugees not only from Galveston, but from other points in the storm stricken district, is conducted on a large scale. Not only have the hospitals been opened to the sick, but temporary hospitals have been established; in charge of these are local physicians who have volunteered for the work, and these have been at work ever since the first of the stricken people arrived. The ladies of the city have volunteered as nurses and there is no lack of attention anywhere.

The streets are thronged with people wearing relief badges; trains are met and the people at once taken in charge and each refugee can, if so disposed, have a personal escort to see that every want is supplied in the quickest manner.

Houstonians have contributed largely to the relief fund, though the same storm did \$250,000 damage to this city. The people have forgotten themselves and have undertaken to care for these more unfortunate. This is not the state or outside aid, but what the people of

Houston are themselves doing without hope of reward.

Governor Sayers' Big Task.

Austin, Sept. 21.—The magnitude of the work accomplished here by the governor can be appreciated when it is stated that since the storm he has received and answered more than 5000 telegrams. A greater number of letters, pertaining to the relief of the sufferers, has been received, besides the regular office mail, but the governor has found it impossible so answer the letters at this time.

HOWARD'S MUSTACHE.

A Question Raised That Takes the Time of the Court.

Frankfort, Ky., Sept. 21.—Did Jim Howard have a mustache on Jan. 30? On that question in a great measure depends his liberty, perhaps his life. The witnesses for the defense, including the defendant himself all state that on Jan. 29 and several days before his face was clean shaven. Bowman Gaines, Ben Rake and James F. Daly, who have identified Howard as the man they saw on Jan. 30, swear that he had a mustache.

"There goes Jim Howard clean shaven and better dressed than any man in town; if he keeps on that way he will never be able to prove that he is a fool."

According to his testimony Thursday ex-State Senator Ed Parker made that remark in London on Jan. 29 where he saw Howard on the street. Mr. Parker explained that the reason he had said this was that Howard was not at London to appear for trial for the murder of George Baker and his plea was to be insanity.

The defense is resting its case on the alibi claimed for Howard and is not paying any attention to the claim of the prosecution that the shot came from the secretary of state's office and other collateral matters which figured largely in the trial of Caleb Powers.

Heaviest Rains for Years.

Dallas, Sept. 21.—Reports received here from over north and northwest Texas report heaviest rains for years in 12 hours. All streams are rapidly rising and at some places much damage will result.

Heavy Rain at Fort Worth.

Fort Worth, Tex., Sept. 21.—The rainfall here broke all records. Seven and one-half inches fell in 13 hours. Much damage to stocks in the flooded cellars from caved sewers and washed streets. Hundreds of dollars damage to streets. Many living in the lowlands of the river banks had to be rescued by police. The city park was six feet under water. The river is rising fast. Great interruption to railway traffic.

Two Steamers Burned.

St. Louis, Sept. 21.—The steamer War Eagle of the Eagle Packet company, and the steamer Carrie R., of the Calhoun Packet company, burned to the water's edge here and Joseph Schultz, a bill clerk of the former, was burned to death. Both steamers are a total loss, which is estimated at \$100,000. Two wharf boats belonging to the Eagle Packet company were also damaged but not totally destroyed.

Last Survivor Dead.

Upper Sandusky, O., Sept. 21.—The last one of the Balaklava survivors, Jas. A. White, is dead. He had lived near this place since 1857. The battle was made famous by Lord Tennyson's "The Charge of the Light Horse Brigade," and from all that is now known Mr. White was the last one of 21 survivors. Six hundred and twenty-five men made the charge and more than 600 were killed.

Was a Companion of Davis.

Edna, Tex., Sept. 18.—J. A. Bolling, after a long and eventful life, died Thursday at the home of his son, Thomas Bolling in Caranchaca. Mr. Bolling was a native of Mississippi and had attained the age of 92 years. In his early manhood he and Jefferson Davis were companions and often brought bruin to bay in the swamps and cane-breaks of that state.

Weekly Payment Law Upheld.

Muncie, Ind., Sept. 21.—In the circuit court here, Judge Lefler made a decision upholding the Indiana weekly payment law. It was an answer to a demurrer in the suits filed against the Republic Iron company several months ago, by State Factory Inspector McAbee and the decision is that the law is good except under certain specific conditions.

Only a Few Irreconcilables.

London, Sept. 21.—Further reports from Lord Roberts say Boers remaining in the field include a few irreconcilables, but the majority are fighting under compulsion. General De Laerey, it is added, holds 400 burghers as prisoners in his laager.

Verdict of Justifiable Homicide.

Stanton, Ills., Sept. 21.—Coroner Hart held an inquest in the death of Ben Lloyd, who was shot and instantly killed by City Marshal Knemiller. The jury returned a verdict of justifiable homicide.

SATURDAY, SEPT. 22 1900

There is a time in almost every young man's life when he imagines that he is really a warm number. When he grows older and by experience gains a small stock of common sense, he views the same class of boys with disgust. He meditates on the past and wonders if he was ever such a confounded fool. A smart Alex is about the most dispicable mortal that ever drew breath, but the law forbids killing them and the people are compelled to grin and bear their place in the community.—Hempstead Herald.

The incursions of people hunting cotton pickers in this part of the state have met with resistance everywhere. In speaking of the matter the Navasota Examiner says: "In many of the places where negroes are being taken now to pick cotton they do not allow a negro to live at other seasons of the year, or ordinarily. When they have done cotton picking in North Texas, and must leave their temporary place of abode, where are they going? Hardly back to the sections in which they have jumped creditors and crops. It is more than likely greed for temporary good times will cause their future lines to be cast in hard places."

MAUD AND THE CENSUS MAN.

Again did Maud on a summer day Go forth to rake some additional hay. A figure came riding up to the lane. And she said, "It's that beastly judge again!

"I'll tell him to chase himself, for he fatigues me too quite excessively." As she stood and leaned on her well-worn rake She saw she had made a slight mistake.

The fellow was young and handsome, and Possessed of a figure to beat the band. He drew a book from his saddlebag And slid down from his perspiring nag.

"Your name," he said, "and your place of birth: Are your parents on or off the earth? "Have you had the mumps? Are your teeth your own? Or made to order? All right; self grown.

"Do you think that 'Sapho' would as a rule Be fit to play in a Sunday-school? "Did any ancestors, shes or males. Have fits or boils or ingrowing nails? "Do you ride a wheel, and how do you wear Skirting, divided or solitaire?

"Is your hair self-cultured, or is it 'queer'? What size of feet do you wear this year?"

All these pert questions and many more He fired at the girlie with gall galore. And Maudie parried each pointed quiz With the answer: "It's none of your bloomie' biz!"

At last he gazed in her seal-brown eyes With a piercing look of unusual size, And said: "Now, your answer must be true As the law and gospel. How young are you?"

And Maud replied in a modest way, "I'll be 18 on my next birthday."

Then the quizzier sucked at his fountain pen And saucily told her to guess again. And Maud pouted and tossed her head And sweetly cackled, "That's on the dead."

"Come off," he grunted, "old Whittier wrote Of you when the ark was yet afloat.

"He told in rhyme of that worn old rake When Eve performed with her circus snake."

And Maudie answered: "Don't get so faw! That Whittier gal was my great grandma.

"Go chase yourself from the field, you chump. Or I'll comb your hair with the rake! Now jump!"

He jump, and boarded his horse and sped Down the duty lane, and sobbing said:

"Of all tough jobs since the world began, The toughest is held by the census man!" —Ex. 11

LOUISIANA LYNCHING.

Four Negroes Taken from Ponchatoula Jail and Hanged.

NEGROES ARE UPSET.

Many Are Being Arrested and Jailed and Wholesale Lynching Is Feared. Various Burglaries the Cause of the act of the Mob.

New Orleans, Sept. 21.—Four Negroes were lynched Thursday night at Ponchatoula, La. They were taken from the jail by a mob. The town, which is on the Illinois Central road, recently has been infested with negro burglars.

In one instance burglars almost caused the death of Mrs. Louise Holfer. She was choked and frightened by black ruffians so unmercifully that she lost her mind.

There were 14 negro suspects in the the Ponchatoula jail, but only four taken out. At 9 o'clock last night a committee of white citizens called on Sheriff F. P. Nix to give up the keys but this he refused to do. Axes were then brought and the jail broken open. The four suspects were hanged to a tree about two blocks away after being made to confess. They were:

Isaiah Rollins, aged 18. Nathaniel Bowman, aged 47. Charles Elliott, aged 20. George Bickham, aged 20.

Their bodies allowed to hang all night when they were cut down and turned over to the coroner. A jury was impaneled by him and returned a verdict of "hanged by unknown hands."

Mayor William Jackson is doing all in his power to restore order, but is making slow progress as committees of citizens are scouring the parish, arresting all negroes they can get their hands on. These are being crowded into a little jail at Ponchatoula and a wholesale hanging is feared.

The better element of the negro population is fleeing to churches, where the time is being spent in prayer.

STOOD OFF NEGROES.

Man and His Wife Hold a Mob of Four Hundred at Bay.

Columbia, S. C., Sept. 21.—At Eastover, 20 miles below this city, negroes working on the cotton plantation of W. S. Hodge struck for an advance of 10 cents per hundred for picking cotton. The demand was refused by Hodge and neighboring farmers. A band of negroes gathered about Hodge's house cursing and threatening. He reported the names of a number to the nearest justice. They were \$5 each.

The negroes followed Hodge from the trial at the justice's office, gathered numbers as they went until 400 arrived at his house. They surrounded the dwelling in which Hodge, his wife and two children had barricaded themselves. When the crowd advanced to the door Hodge shot down the leader and they fell back. Mrs. Hodge with revolver stood by her husband's side during four hours of suspense. Finally three neighboring planters came to the rescue on horseback and scattered most of the negroes who, however, are still making threats. A supply of arms have been obtained from this city.

A Bridge for Alexandria.

Alexandria, La., Sept. 21.—The directors of the Alexandria and Pineville Bridge company met and contracted with J. K. Bancroft, representing the G. E. King Bridge company of Des Moines, Ia., to construct a steel bridge across Red river, being 850 feet long. The driveway for wagons and streetcars will be 18 feet 8 inches wide, with a sidewalk on either side 5 feet wide. It will have five piers and two abutments. The piers in the channel will be 140 feet apart for boats to pass under the bridge. Work on the piers will be started at once, and the bridge is to be completed by May 1 next.

Connecticut Democrats.

Hartford, Sept. 21.—The Connecticut Democratic state convention met here today for the nomination of state officers and six presidential electors. Nearly 600 delegates were present.

A conference of party leaders made it practically certain the nomination of Samuel L. Bronson for governor and the adoption of resolutions in harmony with the platform of the national Democratic convention.

Mr. Bronson was nominated by acclamation, as was also Cyrus O. Beckwith for lieutenant governor.

Broom Corn Again Soars.

Arcola, Ills., Sept. 21.—The broom corn market jumped from \$90 to \$100

Tuesday and brush has sold quite freely at the latter figure. The firm stand of the farmers to hold their brush for an advance above \$80 had the effect of bringing the buyers to terms, and the market price was fixed in order that the foreign buyers, who have been in the field for a week past, might secure their supply and return to their homes.

Oil at Arlington.

Arlington, Tex., Sept. 21.—The Arlington Cotton and Grain company in boring for an artesian well at a depth of 320 feet struck a flow of oil, that caused considerable excitement. The oil seems to be in considerable quantity and appears to be in appearance like the oil found at Corsicana. The owners will at once proceed to test its commercial value.

Mr. Depew's Salary.

I asked a New York Central railroad man the other day, gossips a Gotham writer, if he knew what salary is paid to Senator Depew, chairman of the board. He answered promptly, "Sixty thousand dollars a year." Before he retired from the presidency in favor of Mr. Callaway it was generally understood that he received \$50,000. "He wanted to be president of the United States," said my acquaintance, "and was ready to accept the nomination in Harrison's year, but Cornelius Vanderbilt said that if he would drop the bee he would raise his salary to \$60,000, which was \$10,000 more than the president of the United States gets. You know the result."

Subterranean Banquet.

Lord Beauchamp, the governor of New South Wales, has had a novel experience. While on a visit to the collieries of Newcastle he was entertained at a banquet in a coal mine 300 feet below the surface of the earth. In a chamber ninety feet long, fifteen feet wide and nine feet high seventy guests sat down to dinner. The novel dining room showed no signs of what it had been, for electric lights, flags, evergreen and carpets had transformed it into an elegant apartment.

1,000,000 WOMEN RELIEVED

Reports received show that Wine of Cardui has brought permanent relief to 1,000,000 suffering women in the last few years. Because of Wine of Cardui, thousands of sufferers, seemingly on the way to premature graves, are now healthy women taking an active interest in the duties of life. Mrs. Mitchell was declining in health when Wine of Cardui "performed a miraculous cure" in her case. She suffered terribly with the agonies of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months sapped her vitality until she was little better than a physical wreck. Her nervous system gave way under the terrible pain and aggravation. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence. The Wine is within the reach of all. Woman who try it are relieved. You can get as much benefit as Mrs. Mitchell received. Ask your druggist for Wine of Cardui. Send to the laboratory for the medicine if he tenders you a substitute.

RUSSIANS NOT LEAVING.

They Still Hang on at Peking, Although Their Departure Announced.

London, Sept. 21.—Peking dispatches tend to confirm suspicion regarding the attitude of Russia as already expressed by Dr. Morrison, the correspondent of The Times at the Chinese capital.

The Peking correspondent of the Daily Express, wiring Sept. 12, asserts that the Russian troops are not leaving. The British headquarters, he adds, had been informed that the Russians had left, but the statement was untrue, the fact being that the Russians have been reinforced and made a claim for more extended quarters in Peking.

The Daily News prints a telegram almost identical with the advice to the Daily Express from Peking, but adding that, in the opinion of the correspondent, the Russians only desire to induce the other powers to withdraw.

The Morning Post's Peking correspondent, wiring Sept. 13, expresses the same opinion. He declares that M. de Giers will not go unless the other ministers go also. The Russian legation, he asserts, had prepared to go, but reversed its intention pending further instructions. This delay, he thinks, is due to nondeparture of the other legations.

"General Chaffee," continues this correspondent, "has directed a distribution of rice to the poor. The plan is a good one, but its application is somewhat premature. What chiefly is needed is security of trade, so that necessities may be secured."

"The American commander has expressed his disapproval of further expeditions against the boxers. The indecision exhibited in this respect is shameful. No settlement is possible until the boxers and their official accomplices are vanquished. Numerous schemes are on foot for catching the Boxer leaders, but the task is very difficult, as they always keep out of the way."

Dr. Morrison, writing to The Times under date of Sept. 17, confirms the report that M. de Giers has indefinitely postponed his departure.

He also announces that a column of Americans has started to rescue Christians at Shun I Sien, 25 miles northeast of Peking.

He reports also that the British Hong Kong regiment has left the capital and that the Japanese have occupied Hsian Kung, the railway station next to Feng Tai, where they will immediately begin the construction of the line in conjunction with the British.

CONCLUSION REACHED.

Government Forms Its Policy in Chinese Matters, but It Is Held Back.

Washington, Sept. 21.—A cabinet meeting was held today. Secretaries Long and Hitchcock and Attorney General Griggs being present. At its conclusion the following official announcement was made:

"The government has reached a determination relative to the Chinese situation. It will be made public as soon as it can be communicated to the powers interested."

It is definitely known that three notes have been prepared. One in reply to the German proposition, one bearing upon the last Russian proposal and one relative to the communication from the Chinese government delivered by Minister Wu, asking this government to clothe the Minister Conger with power to treat with Prince Ching in the peace negotiations.

These several communications which set forth the position of the United States will be made public in a day or so.

Boxers Ordered Exterminated.

London, Sept. 21.—The Chinese minister here has received an imperial edict which orders the boxers to be exterminated and says the missionaries at Pao Ting Fu will be escorted by troops of the acting viceroy and delivered to the commanders of the allied forces at Chang Sing, Tien and Lu Kon Chiao.

Chinese Kill Russians.

Berlin, Sept. 21.—A dispatch received here from Taku says the Pei Tang forts opened fire on the Russian infantry camp wounding 25 men. Since early Thursday morning a German howitzer battery has been shelling the forts and town.

Run Over by a Freight Train.

Richardson, Tex., Sept. 21.—A southbound freight killed James Bevins at the sectionhouse, four miles south of town. Deceased formerly worked for the section foreman. He had been sick for some time and had been in the hospital at Houston. He returned in a feeble condition. The section foreman says he was hard of hearing and of unsound mind when killed.

Dragged to Death.

Hillsboro, Tex., Sept. 21.—W. C. Parsons, living five miles west of town, met his death in a peculiar manner. He was leading two mules through a gate and one of them, becoming frightened, jerked and ran. This started the other and his hands becoming tangled he was dragged some distance. His head struck a post and he received injuries from which he died.

Belle Archer Unconscious.

Warren, Pa., Sept. 21.—Belle Archer, the actress, is critically ill at the Emergency hospital here. The surgeons say she has blood congestion of the brain the result of a fall.

Judge Bonner Dead.

Los Angeles, Sept. 21.—Judge J. M. Bonner, a capitalist and banker of New Orleans, died of heart disease at the California club while conversing with some friends.

TROUBLE IS FEARED.

A Clash Expected Over the Strike in Hazleton District.

SEEKING DEPUTIES.

Sheriffs of Some Counties Securing in Assistants by the Score—The Strike Situation Unchanged as to the Men Out.

Hazleton, Pa., Sept. 21.—There is no denying the fact the inhabitants of this region fear trouble. There are very few persons who do not believe that there will be an outbreak somewhere in the region.

Most, if not all, of the coal mines are being protected by extra watchmen. Rumors are afloat that the sheriffs of Luzerne, Schuylkill and Carbon counties, which counties adjoin each other two miles south of here, are swearing in deputies by the score.

At No. 40 shaft of the Lehigh Valley Coal company a handful of Hungarian women wanted to whip three coal and iron policemen for persuading some breaker boys to work. The police, however, managed to get out of their difficulties without a fight.

Shortly after that a mine worker says he was shot at by an unknown person, but not hit, while on his way to the shaft.

Later in the day an Italian was badly clubbed.

Two of the mine workers on their way home from the shaft were also attacked and badly beaten.

A 15-year-old Hungarian boy was found in bed dead in Colerain. The doctor says his death is due to heart disease caused by fright. The doctor added that the boy had been told that a mob was marching toward Colerain and the shock caused his death.

The strike officials are still at work getting the men out and say they will not cease their activity in that respect until every operation in the Anthracite region is tied up. The operatives, although badly crippled, are as confident of success as they have heretofore been.

The report of the superintendent of the Hazleton division of the Lehigh Valley railway, which handles the coal from all but six collieries in this region shows that the shipments have fallen off to less than two-thirds of the normal quantity during the past four days.

Watchman Shot.

Shamokin, Pa., Sept. 21.—Evan Davis, a watchman at the Hickory Ridge colliery, was probably fatally shot by unknown person as he was patrolling the colliery.

Summons to Quell Riots.

Allentown, Pa., Sept. 21.—As Sheriff John Toole of Schuylkill county was on his way here to attend the fair he was intercepted by telegram summoning him home because of coal mine riots at Shenandoah. He left at once on a special train.

Peaceful Outcome Hopeful.

Philadelphia, Sept. 21.—Archbishop Ryan confirms the report that President R. M. Oliphant of the Delaware and Hudson company and President W. H. Truesdale of the Delaware, Lackawanna and Western company, had consented to confer with him on the mine workers' strike. He said the time and place of the conference will be determined later.

Regarding the visit of Father Philips of St. Gabriels Roman Catholic church of Hazleton, Archbishop Ryan said he now felt more encouraged over the prospects for a peaceful outcome of the differences between the operators and the strikers.

Failed to Organize the Men.

Harrisburg, Pa., Sept. 21.—The attempt of District Organizer Daugherty to organize branches of the United Mine Workers at Tower City and Williams-town have been a failure and the indications are that the miners at these places will not join the strikers of Lykens and Wisconsin.

Census of Cities Counted.

Washington, Sept. 31.—Director of Census Merriam makes the announcement that the population of cities has practically been completed and no bulletin will be issued for towns under 25,000. The bureau, he said, would probably begin next week announcing this population by states. The first will be Arkansas and thereafter they will be issued in alphabetical order beginning with Alabama. It is thought all states will be given out before congress assembles. Returns from several states will also show population of cities under 25,000.

Conditions Not Good.

Washington, Sept. 21.—The conditions in the Philippines are not as good as the administration would have the public to believe. Hard work is in store for the army from now until the withdrawal of the volunteers in December. Troops are now being forwarded to the field of activity. The administration officials hold, however, that the activity of the insurgents is due to political agitation in the United States.

Will Leave Parliament.

London, Sept. 21.—Justin McCarthy, the novelist and historian, who has been a member of parliament for North Longford since 1892 and who was formerly chairman of the Irish parliamentary party, announces his retirement from parliament on account of failing health.

RESCUED MISSIONARIES.

Fourteen Brought into Pekin by a Squad of American Troops.

Washington, Sept. 21.—The following dispatch has been received from Gen. Chaffee, dated Pekin, Sept. 19, showing communication has been restored with that place:

"Wilson expedition has returned. The object was successfully accomplished. No casualties to our troops. Forsyth's squadron scouted northeast 40 miles to relieve native Christians. He returned bringing in 14. The surrounding country is daily growing less hostile and more peaceful, so far as my expedition can determine."

MONEY TO MOVE CROPS.

The Total Transfer for the Week Will Exceed \$2,500,000.

New York, Sept. 21.—Currency shipments to the agricultural districts are this week assuming large proportions. The currency transfers at the subtreasury Thursday amounted to \$915,000, including \$516,000 to New Orleans, \$300,000 to St. Louis, and \$300,000 to Chicago. The total transfers for the week thus far are \$2,315,000. These have been offset by Pacific coast checks amounting to \$48,141. The banks also report large shipments of currency, particularly to the south. One bank on Tuesday shipped \$900,000 to the south and seven banks have shipped between \$350,000 and \$300,000 the first three days of this week.

Attempt to Rob a Bank.

Fort Dodge, Ia., Sept. 21.—Amateur bank robbers created great excitement in the village of Clare, 14 miles northwest of here, by an attempt to rob the State Bank of Clare. They secured entrance to the bank and punched out the rivets in the dial on the vault door. These crevices were filled with a powerful explosive and "touched off." The dial and a portion of the vault door were blown through the front window of the bank, across a 70-foot street and through the window of a hotel. The noise awakened every one in town and frightened the robbers who made good their escape, but without a penny of the expected booty. The thieves overlooked a small safe outside which contained \$2000 in gold. The building was badly damaged.

Ministers Take up Strike.

Chicago, Sept. 21.—Appeals for intercession in the great anthracite coal miners' strike, in the hope of securing an amicable adjustment of the trouble, will be sent to Governor Stone of Pennsylvania by nearly every one of the 500 ministers of Chicago. Action looking toward this end was taken at a conference of Oak Park ministers and already many ministers have signified their intention of taking such action. A printed call was also sent to the Chicago ministers asking them to make the strike a subject of resolutions to be presented to their congregations for adoption Sunday.

New Gulf Steamship Line.

Galveston, Sept. 21.—Advanced sheets of the consular reports announce that a new steamship company has been organized to do business across the Gulf of Mexico between Mexican and American ports, and that it is a reorganization of the Mexican Gulf company. The old Mexican Gulf line was considered a part of the Ward system, and although it has not been learned who are interested in the new line, the fact that it is said to be a reorganization of the old line leads many to believe that is another move on the part of the Ward interests.

Forgery Nearly Successful.

Spokane, Wash., Sept. 21.—A young man giving his name as Joe Corbett was arrested in the old National bank just as he was in the act of receiving the cash upon a draft for \$200 upon which he had forged the name of George Dazell, a wealthy stockman of Springfield, Mo. Corbett met Dazell in Montana and, profiting by his acquaintance, he wired Dazell's people at Springfield to send him a draft for that amount, to which he signed the latter's name. To this draft Corbett also forged the indorsement of a local merchant.

Merchant and His Son Slain.

Ardmore, I. T., Sept. 19.—News of a double killing which occurred at Iona, a small town east of here, was received at Marshal Hammer's office here. It appears that Samuel Ashton, a well known stockman, went into the store of C. Dismukes, who is also postmaster at that place, to see him about a bond. Trouble arose, and Mr. Dismukes was shot and killed. Dismukes' son Thomas rushed to his aid, and was also killed. Then the slayer surrendered to the authorities at Wynnewood.

Credit for Galveston Merchants.

New York, Sept. 21.—The New York Credit Men's Association has adopted a resolution commending the advisability of extension of credit to customers at Galveston who suffered loss or whose property has been destroyed and suggesting the granting of new credit and further concessions to enable the victims of the Galveston disaster to re-establish themselves.

Farmer Fatally Hurt.

Waco, Tex., Sept. 21.—John Gossett, a farmer, drove to Waco with a load of cotton and in crossing the railway a wheel in his wagon caught in the rail and was torn off, causing Mr. Gossett to fall, sustaining fatal injuries, not only from the fall, but in consequence of a bale of cotton rolling upon his chest. Mr. Gossett lingered in great agony until he died.

Negro Killed at Houston.

Houston, Sept. 21.—Eli Johnson, a negro, was shot and killed on Thursday evening. George Scowega, white, was arrested immediately afterward.
